## Product Datasheet

### **PF4 (Platelet Factor 4, PF-4, C-X-C Motif Chemokine 4, Iroplact, Oncostatin-A, CXCL4, SCYB4 MGC138298) (MaxLight 650), Clone: [3F6], Mouse, Monoclonal USB-131178-ML650**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-131178-ML650-100                                                                                                                                                                                                                                          |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IP, WB                                                                                                                                                                                                                                                 |
| Immunogen                | Partial recombinant corresponding to aa31-102 from human PF4 (NP_002610) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                       |
| Produktbeschreibung      | MaxLight(TM)650 is a new Far-IR stable dye conjugate comparable to Alexa Fluor(TM)647, DyLight(TM)649, Cy5(TM) and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (655nm), Emission (676nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [3F6]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">002619</a>                                                                                                                                                                                                                                        |

|              |                                                                                           |
|--------------|-------------------------------------------------------------------------------------------|
| Reinheit     | Purified by Protein A affinity chromatography.                                            |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)650. |
