## Product Datasheet

### **PVRL3 (Poliovirus Receptor-related Protein 3, CDw113, Nectin-3, CD113, PRR3) (MaxLight 550), Clone: [1D1], Mouse, Monoclonal USB-132109-ML550**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Partial recombinant corresponding to aa59-167 from human PVRL3 (NP_056295) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                     |
| Produktbeschreibung      | MaxLight(TM)550 is a new Yellow-Green photostable dye conjugate comparable to Alexa Fluor(TM)546, 555, DyLight(TM)549 , Cy3(TM), TRITC and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (550nm), Emission... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [1D1]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">015480</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by Protein A affinity chromatography.                                                                                                                                                                                                                |

|              |                                                                                           |
|--------------|-------------------------------------------------------------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)550. |
