| Hersteller Artikelnummer | 145037                                                                                                                                                                                                                                                        |
| Alternativnummer         | USB-145037-100                                                                                                                                                                                                                                                |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                       |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminal of human PCSK1, identical to the related mouse and rat sequences.                                                                                                                           |
| Produktbeschreibung      | PCSK1(Proprotein Convertase, Subtilisin/Kexin-Type, 1), also known as PC1 or NEC1, is an enzyme that in humans is encoded by the PCSK1 gene. Proprotein convertase-1 is a neuroendocrine convertase that belongs to a family of subtilisin-like serine end... |
| UniProt                  | <a href="#">P29120</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a lyophilized powder from PBS, 5% BSA, 0.05% Thimerosal, 0.05% sodium azide. Reconstitution with 200ul sterile ddH2O.                                                                                                                             |
