| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Control Peptide for 150477. Source: Synthetic peptide corresponding to 12aa from near the C-terminus of GIRK2. Applications: Suitable for use in ELISA and Antibody Blocking. Other applications not tested. Recommended Dilution: Optimal dilutions to be... |
| Reinheit                 | Purified                                                                                                                                                                                                                                                      |
| Formulierung             | Supplied as a lyophilized powder. Reconstitute with 200ul sterile dH2O.                                                                                                                                                                                       |
