| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Immunogen                | PTGS1 (AAH29840.1, 1aa-599aa) full-length human protein.                                                                                                                                                                                                      |
| Produktbeschreibung      | Prostaglandin-endoperoxide synthase (PTGS), also known as cyclooxygenase, is the key enzyme in prostaglandin biosynthesis, and acts both as a dioxygenase and as a peroxidase. There are two isozymes of PTGS: a constitutive PTGS1 and an inducible PTGS2... |
| NCBI                     | <a href="#">29840</a>                                                                                                                                                                                                                                         |
| Reinheit                 | Ascites                                                                                                                                                                                                                                                       |
| Formulierung             | Supplied as a liquid. No preservative added.                                                                                                                                                                                                                  |
