| Alternativnummer         | USB-253145-100                                                                                                                                                                                                                                                |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IP, WB                                                                                                                                                                                                                                                 |
| Immunogen                | TUFM (AAH01633, 40aa-455aa) full-length recombinant protein with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                                    |
| Produktbeschreibung      | This gene encodes a protein which participates in protein translation in mitochondria. Mutations in this gene have been associated with combined oxidative phosphorylation deficiency resulting in lactic acidosis and fatal encephalopathy. A pseudogene ... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [1A2]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">01633</a>                                                                                                                                                                                                                                         |
| Reinheit                 | Purified                                                                                                                                                                                                                                                      |

|              |                                      |
|--------------|--------------------------------------|
| Formulierung | Supplied as a liquid in PBS, pH 7.4. |
