| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Recombinant protein corresponding to Pro1272-Leu1411 of human SIGLEC1 expressed in E. coli.                                                                                                                                                                   |
| Produktbeschreibung      | Sialoadhesin is a cell adhesion molecule found on the surface of certain cells of the immune system called macrophages. It is defined as an I-type lectin, since it contains 17 immunoglobulin (Ig) domains (one variable domain and 16 constant domains),... |
| UniProt                  | <a href="#">Q9BZZ2</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, pH 7.4, 0.02% sodium azide, 50% glycerol.                                                                                                                                                                                        |
