| Hersteller Artikelnummer | C2088-23J                                                                                                                                                                                                                                                     |
| Alternativnummer         | USB-C2088-23J-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Apoptosis or programmed cell death is a fundamental cellular process that is essential for normal tissue development and abnormal growth such as cancer, neurodegeneration, autoimmune diseases, and angiogenesis, etc. Apoptosis is driven by specialized... |
| Reinheit                 | Purified                                                                                                                                                                                                                                                      |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2, 0.09% sodium azide.                                                                                                                                                                                                      |
