| Alternativnummer         | USB-C7850-14P2-5                                                                                                                                                                                                                                              |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Immunogen                | C3c isolated and purified from pooled normal rhesus monkey serum.                                                                                                                                                                                             |
| Produktbeschreibung      | C3c is the major fragment resulting from the C3 cleavage by C3 convertase and factor i. It is composed of an intact beta chain bound to two fragments of the alpha chain. Applications: Suitable for use in ELISA, Immunoelectrophoresis, Indirect Immunof... |
| Reinheit                 | Purified                                                                                                                                                                                                                                                      |
| Formulierung             | Supplied as a lyophilized powder from PBS, pH 7.2. No preservatives added. Reconstitute with 500ul sterile ddH2O.                                                                                                                                             |
