| Alternativnummer         | USB-E2239-20C-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Goat                                                                                                                                                                                                                                                          |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide corresponding to C-AMKQNELLEPNSEF, from the C Terminus of human ELF1 (NP_758961.1, NP_001138825.1).                                                                                                                                         |
| Produktbeschreibung      | This gene encodes an E26 transformation-specific related transcription factor. The encoded protein is primarily expressed in lymphoid cells and acts as both an enhancer and a repressor to regulate transcription of various genes. Alternative splicing ... |
| NCBI                     | <a href="#">758961</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by peptide affinity chromatography.                                                                                                                                                                                                                  |
| Formulierung             | Supplied as a liquid in Tris saline, pH 7.2, 0.5% BSA, 0.02% sodium azide.                                                                                                                                                                                    |
