| Artikelname              | Granulocyte Macrophage Colony Stimulating Factor (GM-CSF, Burst Promoting Activity, CMCSF, Colony Stimulating Factor 2, CSF Alpha, Eosinophil Colony Stimulating Factor, Granulocyte Macrophage Colony Stimulating Factor, Molgramosti                        |
| Artikelnummer            | USB-G8951-10G-ML550                                                                                                                                                                                                                                           |
| Hersteller Artikelnummer | G8951-10G-ML550                                                                                                                                                                                                                                               |
| Alternativnummer         | USB-G8951-10G-ML550-100                                                                                                                                                                                                                                       |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Recombinant protein corresponding to mouse GM-CSF, expressed in E. coli.                                                                                                                                                                                      |
| Produktbeschreibung      | MaxLight(TM)550 is a new Yellow-Green photostable dye conjugate comparable to Alexa Fluor(TM)546, 555, DyLight(TM)549 , Cy3(TM), TRITC and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (550nm), Emission... |
| NCBI                     | <a href="#">034099</a>                                                                                                                                                                                                                                        |
| UniProt                  | <a href="#">P01587</a>                                                                                                                                                                                                                                        |

|              |                                                                    |
|--------------|--------------------------------------------------------------------|
| Reinheit     | Purified by immunoaffinity chromatography.                         |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with MaxLight(TM)550. |
