## Product Datasheet

### **HMGCS1 (3-hydroxy-3-methylglutaryl Coenzyme A Synthase, Hydroxymethylglutaryl-CoA Synthase Cytoplasmic, HMG-CoA Synthase, HMGCS, MGC90332), Rabbit USB-H6207-50**

|                          |                                                                                                                                                                                                                                                               |

| Hersteller Artikelnummer | H6207-50                                                                                                                                                                                                                                                      |
| Alternativnummer         | USB-H6207-50-200                                                                                                                                                                                                                                              |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide selected from the Center region of human HMGCS1 (KLH).                                                                                                                                                                                      |
| Produktbeschreibung      | HMGCS1 condenses acetyl-CoA with acetoacetyl-CoA to form HMG-CoA, which is the substrate for HMG-CoA reductase. Applications: Suitable for use in ELISA and Western Blot. Other applications not tested. Recommended Dilution: ELISA: 1:1,000 Western Blot... |
