| Alternativnummer         | USB-N0020-01E-100                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Kategorie                | Molekularbiologie                                                                                                                                                                                                                                             |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | A 22aa Peptide sequence located at the predicted cytoplasmic loop near the C-terminus of rat NRAMP2, without IRE . Natural resistance to infection with unrelated intracellular parasite such as Mycobacteria, Salmonella, and Leishmania is controlled by... |
| Reinheit                 | Highly purified                                                                                                                                                                                                                                               |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2                                                                                                                                                                                                                           |
