| Alternativnummer         | USB-P1700-PE-100                                                                                                                                                                                                                                               |
| Hersteller               | US Biological                                                                                                                                                                                                                                                  |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                     |
| Applikation              | WB                                                                                                                                                                                                                                                             |
| Immunogen                | Synthetic peptide derived from the C-terminal region of human PA28a                                                                                                                                                                                            |
| Produktbeschreibung      | PA281 is a 180kD proteasome activator protein that is highly conserved among species. The PA28 complex is composed of two homologous subunits, a and b, which have similar catalytic properties and associate to form a hexameric ring that b binds to both... |
| Reinheit                 | Purified by immunoaffinity chromatography                                                                                                                                                                                                                      |
| Formulierung             | Supplied as a liquid in PBS, pH 7.2. No preservatives added. Labeled with R-Phycoerythrin (PE).                                                                                                                                                                |
