| Hersteller Artikelnummer | Z0741-88A                                                                                                                                                                                                                                                     |
| Alternativnummer         | USB-Z0741-88A-200                                                                                                                                                                                                                                             |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Synthetic peptide selected from the C-terminal region of human ZNF219 (KLH).                                                                                                                                                                                  |
| Produktbeschreibung      | ZNF219 is a member of the Kruppel-like zinc finger gene family that is involved in a diverse range of biological processes. ZNF219 is a 77-kD nuclear protein containing nine sets of C2H2 zinc finger structures. It may be involved in transcriptional r... |

| UniProt                  | <a href="#">Q9P2Y4</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by ammonium sulfate precipitation.                                                                                                                                                                                                                   |
| Formulierung             | Supplied as a liquid in PBS, 0.09% sodium azide.                                                                                                                                                                                                              |
