| Alternativnummer         | USB-Z0760-100                                                                                                                                                                                                                                                 |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Synthetic peptide corresponding to the central portion of the canine ZO-2 protein.                                                                                                                                                                            |
| Produktbeschreibung      | The ZO-1 and ZO-2 proteins share significant sequence homology to each other (51% identity), as well as to several other proteins which include the lethal(1)discs-large(dlg) tumor supressor gene product (dlg-A) of Drosophila, erythrocyte membrane-ass... |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, pH 7.4, 0.09% sodium azide.                                                                                                                                                                                                      |
