| Hersteller Artikelnummer | 574146                                                                                                                                                                                                                                                        |
| Alternativnummer         | USB-574146-50,USB-574146-100                                                                                                                                                                                                                                  |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                |
| Immunogen                | Recombinant protein corresponding to aa353-632 from human Rac GTPase-activating protein 1 protein                                                                                                                                                             |
| Produktbeschreibung      | Component of the centralspindlin complex that serves as a microtubule-dependent and Rho-mediated signaling required for the myosin contractile ring formation during the cell cycle cytokinesis. Required for proper attachment of the midbody to the cell... |
| UniProt                  | <a href="#">Q9H0H5</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Purified by immunoaffinity chromatography.                                                                                                                                                                                                                    |
| Formulierung             | Supplied as a liquid in PBS, pH 7.3, 0.02% sodium azide, 50% glycerol.                                                                                                                                                                                        |
