

Product Datasheet

Trident femto Western HRP Substrate GTX-GTX14698

Artikelname	Trident femto Western HRP Substrate
Artikelnummer	GTX-GTX14698
Hersteller Artikelnummer	GTX14698
Hersteller	Genetex
Kategorie	Biochemikalien
Applikation	WB
Spezies Reaktivität	Human
Formulierung	Liquid
Lagerung	Trident femto Western HRP Substrate is stable for 18 months at 4-8°C. Keep container tightly closed and store Trident femto Western HRP Substrate away from heat or light. Mixed substrate can be stored for up to 24 hours at 2-8-8°C.
Anwendungsbeschreibung	please refer to GTX14698 Protocol
