## Product Datasheet

### **Mouse Alpha-Synuclein Protein, His Tag, low endotoxin (MALS verified), Unconjugated, E. coli ABS-ALN-M52H6-200UG**

|                          |                                                                                                                                                                                                                                                               |

| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Alphasynuclein is a neuronal protein that plays several roles in synaptic activity such as regulation of synaptic vesicle trafficking and subsequent neurotransmitter release. It acts also as a molecular chaperone in its multimeric membranebound state... |
| Molekulargewicht         | 16.4 kDa                                                                                                                                                                                                                                                      |
| Tag                      | C-10*His                                                                                                                                                                                                                                                      |
| NCBI                     | <a href="#">55042</a>                                                                                                                                                                                                                                         |
| Puffer                   | 100 mM NaAC, pH6.0                                                                                                                                                                                                                                            |
| Expression System        | Met 1 - Ala 140                                                                                                                                                                                                                                               |

|                  |                 |
