## Product Datasheet

### Mouse ALK-7 Protein, His Tag (HPLC verified), Unconjugated, Human ABS-AL7-M52H3-1MG

|                          |                                                                                                                                                                                                                                                               |

| Produktbeschreibung      | ALK7, also known as ACVR1C , is a Type I receptor for the TGFbeta family of signaling molecules. Upon ligand binding, it initiates intracellular signaling by phosphorylating cytoplasmic SMAD transcription factors. These activated SMADs then transloca... |
| Molekulargewicht         | 11.4 kDa                                                                                                                                                                                                                                                      |
| Tag                      | C-10*His                                                                                                                                                                                                                                                      |
| NCBI                     | 8                                                                                                                                                                                                                                                             |
| Puffer                   | 20 mM Tris, 150 mM NaCl, pH7.5                                                                                                                                                                                                                                |
| Expression System        | Leu 26 - Glu 113                                                                                                                                                                                                                                              |
