| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | B7 homolog 3 (B7H3), a member of the immunoglobulin superfamily, is also known CD276, which contains two Iglike C2type (immunoglobulinlike) domains and two Iglike Vtype (immunoglobulinlike) domains. B7H3 may participate in the regulation of Tcellmedi... |
| Molekulargewicht         | 50.1 kDa                                                                                                                                                                                                                                                      |
| Tag                      | C-Fc                                                                                                                                                                                                                                                          |
| NCBI                     | <a href="#">598744</a>                                                                                                                                                                                                                                        |
| Puffer                   | Tris with Glycine, Arginine and NaCl, pH7.5                                                                                                                                                                                                                   |

|                   |                  |
|-------------------|------------------|
| Expression System | Val 29 - Phe 244 |
| Reinheit          | 95%              |
| Formulierung      | Powder           |
| Target-Kategorie  | B7-H3 (2lg)      |
