| Produktbeschreibung      | Cell surface glycoprotein CD200 receptor 1 is a protein that in humans is encoded by the CD200R1 gene. This gene encodes a receptor for the OX2 membrane glycoprotein. Both the receptor and substrate are cell surface glycoproteins containing two immun... |
| Molekulargewicht         | 28.7 kDa                                                                                                                                                                                                                                                      |
