| Hersteller               | AcroBiosystems                                                                                                                                                                                                                                                |
| Wirt                     | Human                                                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                                                         |
| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | Bcell receptor CD22 is also known as Sialic acidbinding Iglike lectin 2 (Siglec2), Blymphocyte cell adhesion molecule (BLCAM), Tcell surface antigen Leu14, which belongs to the immunoglobulin superfamily and SIGLEC (sialic acid binding Iglike lectin)... |
| Molekulargewicht         | 78.3 kDa                                                                                                                                                                                                                                                      |
| Tag                      | C-10*His                                                                                                                                                                                                                                                      |
| NCBI                     | <a href="#">35329</a>                                                                                                                                                                                                                                         |
| Puffer                   | PBS, pH7.4                                                                                                                                                                                                                                                    |
| Expression System        | Asn 21 - Glu 1395 (LTBP-1s)   Leu 30 - Ser 390 (TGF-beta 1)                                                                                                                                                                                                   |
