| Hersteller               | Biorbyt                                                                                                 |
| Kategorie                | Proteine/Peptide                                                                                        |
| Applikation              | ELISA                                                                                                   |
| Produktbeschreibung      | SARS-CoV-2 (COVID-19) Full-Length Eta Variant (B.1.525, UK) Spike Recombinant Protein...                |
| Konzentration            | batch dependent                                                                                         |
| Molekulargewicht         | 1286 amino acids (including Rho1D4 tag and linker), 142114 Da                                           |
| UniProt                  | <a href="#">P0DTC2</a>                                                                                  |
| Puffer                   | 20 mM Hepes pH 7.5, 150 mM NaCl, 0.001 % LMNG                                                           |
| Reinheit                 | >98% as determined by SDS-PAGE, see Fig. 1 A and B. PureCube Rho1D4 Agarose.                            |
| Formulierung             | Liquid                                                                                                  |

|                        |                                                                                                                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Sequenz                | Full-length sequence (aa 1 - 1273), del 69-70, del 144, Q52R, E484K, Q677H, F888L furin cleavage site "RRAR mutated to "GSAG, K986P, V987PC-terminal Rho1D4 tag fused with spacer "GSSG to protein sequence  |
| Target-Kategorie       | S                                                                                                                                                                                                            |
| Anwendungsbeschreibung | Biological Activity: not determined. Application Notes: This recombinant protein can be used for ELISA assays, Ligand binding assays (e.g. SPR), Biochemical and biophysical analyses. For research use only |
