| Hersteller               | Biorbyt                                                                                                                                                                                              |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                     |
| Applikation              | Blocking                                                                                                                                                                                             |
| Produktbeschreibung      | SARS-CoV-2 (COVID-19) Spike G142D delta143-145VYY Peptide (Omicron)...                                                                                                                               |
| Konzentration            | 200 ug/mL                                                                                                                                                                                            |
| NCBI                     | <a href="#">43416</a>                                                                                                                                                                                |
| UniProt                  | <a href="#">P0DTC2</a>                                                                                                                                                                               |
| Puffer                   | PBS pH 7.2 (10 mM NaH <sub>2</sub> PO <sub>4</sub> , 10 mM Na <sub>2</sub> HPO <sub>4</sub> , 130 mM NaCl) containing 0.1% bovine serum albumin and 0.02% sodium azide                               |
| Formulierung             | Liquid                                                                                                                                                                                               |
| Target-Kategorie         | S                                                                                                                                                                                                    |
| Anwendungsbeschreibung   | Application Notes: SARS-CoV-2 (COVID-19) Spike G142D delta143-145VYY Peptide (Omicron) is used for blocking the activity of the SARS-CoV-2 (COVID-19) Spike G142D delta143-145VYY Antibody (Omicron) |
