## Product Datasheet

### **GADD34 Antibody, IgG1, Clone: [OTI1E1], Unconjugated, Mouse, Monoclonal BYT-ORB1335166**

|                          |                                                                                              |
|--------------------------|----------------------------------------------------------------------------------------------|
| Artikelname              | GADD34 Antibody, IgG1, Clone: [OTI1E1], Unconjugated, Mouse, Monoclonal                      |
| Artikelnummer            | BYT-ORB1335166                                                                               |
| Hersteller Artikelnummer | orb1335166                                                                                   |
| Alternativnummer         | BYT-ORB1335166-100                                                                           |
| Hersteller               | Biorbyt                                                                                      |
| Wirt                     | Mouse                                                                                        |
| Kategorie                | Antikörper                                                                                   |
| Applikation              | FC, IHC, WB                                                                                  |
| Spezies Reaktivität      | Human                                                                                        |
| Immunogen                | Full length human recombinant protein of human PPP1R15A(NP_005145) produced in HEK293T cell. |
| Konjugation              | Unconjugated                                                                                 |
| Produktbeschreibung      | Mouse monoclonal antibody to GADD34 (PPP1R15A)...                                            |
| Klonalität               | Monoclonal                                                                                   |
| Klon-Bezeichnung         | [OTI1E1]                                                                                     |
| Molekulargewicht         | 73.3 kDa                                                                                     |
| Isotyp                   | IgG1                                                                                         |

|                        |                                                                                                                                                                                                                                                                        |

| Target-Kategorie       | GADD34                                                                                                                                                                                                                                                                 |
| Application Verdünnung | WB 1:2000, IHC 1:150, FLOW 1:100                                                                                                                                                                                                                                       |
| Anwendungsbeschreibung | Application Notes: For reconstitution, we recommend adding 100uL distilled water to a final antibody concentration of about 1 mg/mL. To use this carrier-free antibody for conjugation experiment, we strongly recommend performing another round of desalting process |
