| Hersteller               | Biorbyt                                                                                                                                                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Produktbeschreibung      | Recombinant SARS-Cov-2 Spike trimer protein, His & Avi (HEK293), with a concentration of >0.5 mg/ml, expressed in HEK293 cell, with a molecular weight of 150-180 kDa, and a purity of >95% as determined by SDS-PAGE. It was purified by AC, and has a Hi... |
| Konzentration            | >0.5 mg/ml                                                                                                                                                                                                                                                    |
| Molekulargewicht         | 150-180 kDa                                                                                                                                                                                                                                                   |
| Reinheit                 | >95% as determined by SDS-PAGE                                                                                                                                                                                                                                |
| Sequenz                  | 16-1188/1273                                                                                                                                                                                                                                                  |
| Target-Kategorie         | Spike glycoprotein                                                                                                                                                                                                                                            |
| Anwendungsbeschreibung   | Application Notes: Centrifuge tubes before opening. Reconstituting to a concentration more than 100 µg/ml is recommended. Dissolve the lyophilized protein in distilled water                                                                                 |
