| Hersteller               | Biorbyt                                                                                                                                                                                                                                              |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                     |
| Produktbeschreibung      | Recombinant human Adenosine Receptor A3 protein, N-Sumo, with a concentration of >0.5 mg/ml, expressed in E.coli, with a molecular weight of 22 kDa, and a purity of >95% as determined by SDS-PAGE. It was purified by AC, and has a N-Sumo tag.... |
| Konzentration            | >0.5 mg/ml                                                                                                                                                                                                                                           |
| Molekulargewicht         | 22 kDa                                                                                                                                                                                                                                               |
| Reinheit                 | >95% as determined by SDS-PAGE                                                                                                                                                                                                                       |
| Sequenz                  | 270-318/318                                                                                                                                                                                                                                          |
| Target-Kategorie         | Adenosine receptor A3                                                                                                                                                                                                                                |
| Anwendungsbeschreibung   | Application Notes: Centrifuge tubes before opening. Reconstituting to a concentration more than 100 µg/ml is recommended. Dissolve the lyophilized protein in distilled water                                                                        |
