| Alternativnummer         | BYT-ORB527053-100                                                                                                                                                                             |
| Hersteller               | Biorbyt                                                                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                    |
| Applikation              | FC, ICC, IF, IHC, WB                                                                                                                                                                          |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                             |
| Immunogen                | E.coli-derived human Galectin 3 recombinant protein (Position: K139-I250). Human Galectin 3 shares 88% and 84% amino acid (aa) sequence identity with mouse and rat Galectin 3, respectively. |
| Konjugation              | Unconjugated                                                                                                                                                                                  |
| Produktbeschreibung      | Anti-Galectin 3/LGALS3 Antibody (monoclonal, 12B12). Tested in Flow Cytometry, IF, IHC, ICC, WB applications. This antibody reacts with Human, Mouse, Rat....                                 |
| Klonalität               | Monoclonal                                                                                                                                                                                    |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                     |

|                        |                                                                                                                                                                                                                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Klon-Bezeichnung       | [12B12]                                                                                                                                                                                                                                                                                    |
| Molekulargewicht       | 28 kDa                                                                                                                                                                                                                                                                                     |
| UniProt                | <a href="#">P17931</a>                                                                                                                                                                                                                                                                     |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                                                |
| Anwendungsbeschreibung | <p>Application Notes: Western blot, 0.1-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 0.5-1µg/ml Immunocytochemistry/Immunofluorescence, 2µg/ml Flow Cytometry (Fixed), 1-3µg/1x10<sup>6</sup> cells. Add 0.2ml of distilled water will yield a concentration of 500µg/ml</p> |
