| Artikelname              | TPR Antibody, Unconjugated, Rabbit, Polyclonal                                                                                                                                          |
| Artikelnummer            | BYT-ORB443133                                                                                                                                                                           |
| Hersteller Artikelnummer | orb443133                                                                                                                                                                               |
| Alternativnummer         | BYT-ORB443133-100                                                                                                                                                                       |
| Hersteller               | Biorbyt                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                                                              |
| Applikation              | FC, ICC, IF, IHC, IHC-Fr, WB                                                                                                                                                            |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                       |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle region of human TPR, which shares 89.7% and 93.1% amino acid (aa) sequence identity with mouse and rat TPR, respectively. |
| Konjugation              | Unconjugated                                                                                                                                                                            |
| Produktbeschreibung      | Anti-TPR Antibody. Tested in Flow Cytometry, IF, IHC, IHC-F, ICC, WB applications. This antibody reacts with Human, Mouse, Rat....                                                      |
| Klonalität               | Polyclonal                                                                                                                                                                              |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                               |
| Molekulargewicht         | 300 kDa                                                                                                                                                                                 |

|                        |                                                                                                                                                                                                                                                                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P12270</a>                                                                                                                                                                                                                                                                                                                       |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                                                                                                  |
| Anwendungsbeschreibung | <p>Application Notes: Western blot, 0.1-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 0.5-1µg/ml Immunohistochemistry (Frozen Section), 0.5-1µg/ml Immunocytochemistry/Immunofluorescence, 2µg/ml Flow Cytometry (Fixed), 1-3µg/1x10<sup>6</sup> cells. Add 0.2ml of distilled water will yield a concentration of 500ug/ml</p> |
