| Kategorie                | Proteine/Peptide                                                                                                                                                                                             |
| Applikation              | CLIA, ELISA, LF, WB                                                                                                                                                                                          |
| Produktbeschreibung      | SARS-CoV-2 (Covid-19) whole spike trimer Recombinant Protein...                                                                                                                                              |
| Konzentration            | batch dependent                                                                                                                                                                                              |
| Molekulargewicht         | This recombinant protein contains Covid-19 whole spike protein trimer (S-trimer) with a MW of ~145 kDa on 7.5% reducing gel as a monomer. It is recognized by an anti-spike protein antibody in ELISA tests. |
| Puffer                   | PBS, pH 7.3 containing 0.1% ProClin300.                                                                                                                                                                      |
| Reinheit                 | > 90% pure by SDS-PAGE. Ligand affinity purified.                                                                                                                                                            |
| Formulierung             | liquid                                                                                                                                                                                                       |
| Anwendungsbeschreibung   | Application Notes: Suitable for use in ELISA, CLIA, Lateral Flow, Western Blot, and other immune tests                                                                                                       |
