| Hersteller Artikelnummer | orb1671273                                                                                                                                                          |
| Alternativnummer         | BYT-ORB1671273-0.1                                                                                                                                                  |
| Hersteller               | Biorbyt                                                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                                                    |
| Applikation              | CLIA, ELISA, LF, WB                                                                                                                                                 |
| Produktbeschreibung      | Hepatitis C virus (HCV) core Recombinant Protein...                                                                                                                 |
| Konzentration            | batch dependent                                                                                                                                                     |
| Molekulargewicht         | This recombinant protein contains immunodominant regions of HCV core protein with a calculated MW of 22.4 kDa. It is recognized by positive samples in ELISA tests. |
| Puffer                   | PBS, pH 7.3 containing 0.1% ProClin300.                                                                                                                             |
| Reinheit                 | > 95% pure by SDS-PAGE. Ligand affinity purified.                                                                                                                   |
| Formulierung             | liquid                                                                                                                                                              |
| Anwendungsbeschreibung   | Application Notes: Suitable for use in ELISA, CLIA, Lateral Flow, Western Blot, and other immune tests                                                              |
