### PRDM2 Antibody, Unconjugated, Rabbit, Polyclonal BYT-ORB1743904

|                          |                                                                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | PRDM2 Antibody, Unconjugated, Rabbit, Polyclonal                                                                                     |
| Artikelnummer            | BYT-ORB1743904                                                                                                                       |
| Hersteller Artikelnummer | orb1743904                                                                                                                           |
| Alternativnummer         | BYT-ORB1743904-100                                                                                                                   |
| Hersteller               | Biorbyt                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                           |
| Applikation              | ELISA, FC, ICC, IF, IHC, WB                                                                                                          |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                    |
| Immunogen                | E.coli-derived human PRDM2 recombinant protein (Position: M1-Q1378).                                                                 |
| Konjugation              | Unconjugated                                                                                                                         |
| Produktbeschreibung      | Anti-PRDM2 Antibody. Tested in ELISA, IF, IHC, ICC, WB, Flow Cytometry applications. This antibody reacts with Human, Mouse, Rat.... |
| Klonalität               | Polyclonal                                                                                                                           |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                            |
| Molekulargewicht         | 280 kDa                                                                                                                              |

|                        |                                                                                                                                                                                                                                                                                                                                                                   |

| UniProt                | <a href="#">Q13029</a>                                                                                                                                                                                                                                                                                                                                            |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                                                                                                                       |
| Target-Kategorie       | Thrombopoietin                                                                                                                                                                                                                                                                                                                                                    |
| Anwendungsbeschreibung | <p>Application Notes: Western blot, 0.25-0.5 µg/ml, Human Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml, Human, Mouse, Rat Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human Flow Cytometry (Fixed), 1-3 µg/1x10<sup>6</sup> cells, Human ELISA, 0.1-0.5 µg/ml, -. Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml</p> |
