| Hersteller               | Biorbyt                                                                                                                                                                                                           |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                  |
| Produktbeschreibung      | ICAM-1/CD54 Protein, Mouse, Recombinant (His & Avi), Biotinylated is expressed in HEK293 mammalian cells with His and Avi tag. The predicted molecular weight is 53.51 kDa and the accession number is P13597.... |
| Molekulargewicht         | 53.51 kDa (predicted), 96.9 kDa (reducing conditions)                                                                                                                                                             |
| UniProt                  | <a href="#">P13597</a>                                                                                                                                                                                            |
| Quelle                   | Mouse                                                                                                                                                                                                             |
| Anwendungsbeschreibung   | Biological Origin: Mouse                                                                                                                                                                                          |
