## Product Datasheet

### **NOX2/gp91phox/CYBB Antibody, Unconjugated, Rabbit, Polyclonal BYT-ORB692167**

|                          |                                                                                                                                       |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | NOX2/gp91phox/CYBB Antibody, Unconjugated, Rabbit, Polyclonal                                                                         |
| Artikelnummer            | BYT-ORB692167                                                                                                                         |
| Hersteller Artikelnummer | orb692167                                                                                                                             |
| Alternativnummer         | BYT-ORB692167-100                                                                                                                     |
| Hersteller               | Biorbyt                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                |
| Kategorie                | Antikörper                                                                                                                            |
| Applikation              | ELISA, FC, ICC, IF, IHC, WB                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                 |
| Immunogen                | E.coli-derived human NOX2/gp91phox/CYBB recombinant protein (Position: E124-R559).                                                    |
| Konjugation              | Unconjugated                                                                                                                          |
| Produktbeschreibung      | Anti-NOX2/gp91phox/CYBB Antibody. Tested in ELISA, Flow Cytometry, IF, IHC, ICC, WB applications. This antibody reacts with Human.... |
| Klonalität               | Polyclonal                                                                                                                            |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                             |
| Molekulargewicht         | 65 kDa                                                                                                                                |

|                        |                                                                                                                                                                                                                                                                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P04839</a>                                                                                                                                                                                                                                                                                                                       |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                                                                                                                  |
| Anwendungsbeschreibung | <p>Application Notes: Western blot, 0.25-0.5µg/ml, Human Immunohistochemistry (Paraffin-embedded Section), 2-5µg/ml, Human Immunocytochemistry/Immunofluorescence, 5µg/ml, Human Flow Cytometry (Fixed), 1-3µg/1x10<sup>6</sup> cells, Human ELISA, 0.1-0.5µg/ml, -. Add 0.2ml of distilled water will yield a concentration of 500µg/ml</p> |
