## Product Datasheet

### ROPGAP5 Antibody, Unconjugated, Rabbit, Polyclonal BYT-ORB795277

|                          |                                                                        |
|--------------------------|------------------------------------------------------------------------|
| Artikelname              | ROPGAP5 Antibody, Unconjugated, Rabbit, Polyclonal                     |
| Artikelnummer            | BYT-ORB795277                                                          |
| Hersteller Artikelnummer | orb795277                                                              |
| Alternativnummer         | BYT-ORB795277-2                                                        |
| Hersteller               | Biorbyt                                                                |
| Wirt                     | Rabbit                                                                 |
| Kategorie                | Antikörper                                                             |
| Applikation              | ELISA, WB                                                              |
| Spezies Reaktivität      | A. thaliana                                                            |
| Immunogen                | A synthesized peptide derived from Escherichia coli (strain K12) nirC. |
| Konjugation              | Unconjugated                                                           |
| Produktbeschreibung      | ROPGAP5 Antibody...                                                    |
| Klonalität               | Polyclonal                                                             |
| UniProt                  | <a href="#">Q6NKT5</a>                                                 |
| Puffer                   | Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol            |
| Formulierung             | Liquid                                                                 |
| Target-Kategorie         | ROPGAP5                                                                |

|                        |                                                                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | 1. Antibody purity > 90% confirmed by SDS-PAGE, 2. Antibody titer > 1: 64,000 confirmed by ELISA, 3. WB (positive for the antigen / recombinant immunogen protein). |
