### **RH6 Antibody, Unconjugated, Rabbit, Polyclonal BYT-ORB795346**

|                          |                                                                                              |
|--------------------------|----------------------------------------------------------------------------------------------|
| Artikelname              | RH6 Antibody, Unconjugated, Rabbit, Polyclonal                                               |
| Artikelnummer            | BYT-ORB795346                                                                                |
| Hersteller Artikelnummer | orb795346                                                                                    |
| Alternativnummer         | BYT-ORB795346-2                                                                              |
| Hersteller               | Biorbyt                                                                                      |
| Wirt                     | Rabbit                                                                                       |
| Kategorie                | Antikörper                                                                                   |
| Applikation              | ELISA, WB                                                                                    |
| Spezies Reaktivität      | A. thaliana                                                                                  |
| Immunogen                | A synthesized peptide derived from Escherichia coli (strain K12 / MC4100 / BW2952) BWG_0858. |
| Konjugation              | Unconjugated                                                                                 |
| Produktbeschreibung      | RH6 Antibody...                                                                              |
| Klonalität               | Polyclonal                                                                                   |
| UniProt                  | <a href="#">Q94BV4</a>                                                                       |
| Puffer                   | Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol                                  |
| Formulierung             | Liquid                                                                                       |
| Target-Kategorie         | RH6                                                                                          |

|                        |                                                                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | 1. Antibody purity > 90% confirmed by SDS-PAGE, 2. Antibody titer > 1: 64,000 confirmed by ELISA, 3. WB (positive for the antigen / recombinant immunogen protein). |
