| Formulierung             | Lyophilized powder                                                                                                                                                                                                                                                                         |
| Sequenz                  | HEYNTQFQEKSR EYDRLYEEYTRTSQEIQMKRTAIEAFNETIKIFEEQCQ                                                                                                                                                                                                                                        |
| Anwendungsbeschreibung   | Application Notes: This is a synthetic peptide designed for use in combination with Pik3r1 Rabbit Polyclonal Antibody (orb574054). It may block above mentioned antibody from binding to its target protein in western blot and/or immunohistochemistry under proper experimental settings |
