| Puffer                   | Lyophilized powder                                                                                                                                                                                                                                                                       |
| Formulierung             | Lyophilized powder                                                                                                                                                                                                                                                                       |
| Anwendungsbeschreibung   | Application Notes: This is a synthetic peptide designed for use in combination with TAP1 Rabbit Polyclonal Antibody (orb578893). It may block above mentioned antibody from binding to its target protein in western blot and/or immunohistochemistry under proper experimental settings |
