## Product Datasheet

### Nucleocapsid Antibody, Clone: [DM38], Unconjugated, Rabbit, Monoclonal BYT-ORB2322324

|                          |                                                                           |
|--------------------------|---------------------------------------------------------------------------|
| Artikelname              | Nucleocapsid Antibody, Clone: [DM38], Unconjugated, Rabbit, Monoclonal    |
| Artikelnummer            | BYT-ORB2322324                                                            |
| Hersteller Artikelnummer | orb2322324                                                                |
| Alternativnummer         | BYT-ORB2322324-10,BYT-ORB2322324-50,BYT-ORB2322324-100,BYT-ORB2322324-500 |
| Hersteller               | Biorbyt                                                                   |
| Wirt                     | Rabbit                                                                    |
| Kategorie                | Antikörper                                                                |
| Applikation              | ELISA                                                                     |
| Spezies Reaktivität      | Virus                                                                     |
| Konjugation              | Unconjugated                                                              |
| Produktbeschreibung      | Biotinylated Anti-SARS-CoV-2 Nucleocapsid antibody(DM38), Rabbit mAb...   |
| Klonalität               | Monoclonal                                                                |
| Klon-Bezeichnung         | [DM38]                                                                    |
| UniProt                  | <a href="#">P0DTC9</a>                                                    |
| Target-Kategorie         | Nucleocapsid                                                              |
| Application Verdünnung   | ELISA 1:5000-10000                                                        |

|                        |                                                                                                                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Application Notes: Lyophilized from sterile PBS, pH 7.4. Normally 5 % - 8% trehalose is added as protectants before lyophilization. Please see Certificate of Analysis for specific instructions of reconstitution |
