| Alternativnummer         | CSB-EP326097ENV-1, CSB-EP326097ENV-100, CSB-EP326097ENV-20                                                                                                                                                                         |
| Hersteller               | Cusabio                                                                                                                                                                                                                            |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                   |
| Molekulargewicht         | 30.5 kDa                                                                                                                                                                                                                           |
| Tag                      | N-terminal 10xHis-tagged and C-terminal Myc-tagged                                                                                                                                                                                 |
| UniProt                  | <a href="#">P23836</a>                                                                                                                                                                                                             |
| Puffer                   | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 5%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose, pH 8.0. |
| Quelle                   | E.coli                                                                                                                                                                                                                             |
| Expression System        | 1-223aa                                                                                                                                                                                                                            |
| Reinheit                 | Greater than 90% as determined by SDS-PAGE.                                                                                                                                                                                        |
| Formulierung             | Liquid or Lyophilized powder                                                                                                                                                                                                       |

|         |                                                                                                                                                                                                                                                  |
