## Product Datasheet

### **Anti-BCMA (TNFRSF17) (CD269) Rabbit Monoclonal Antibody, Clone RM526, Clone: [RM526] RMB-31-1419-00**

|                          |                                                                                                                                                      |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-BCMA (TNFRSF17) (CD269) Rabbit Monoclonal Antibody, Clone RM526, Clone: [RM526]                                                                 |
| Artikelnummer            | RMB-31-1419-00                                                                                                                                       |
| Hersteller Artikelnummer | 31-1419-00                                                                                                                                           |
| Alternativnummer         | RMB-31-1419-00-100                                                                                                                                   |
| Hersteller               | RevMAb                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                           |
| Applikation              | IHC                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                |
| Immunogen                | A peptide corresponding to the C-terminus of human BCMA.                                                                                             |
| Produktbeschreibung      | Rabbit monoclonal antibody to to human BCMA (TNFRSF17) (Tumor necrosis factor receptor superfamily member 17) (CD269) (B-cell maturation protein)... |
| Klonalität               | Monoclonal                                                                                                                                           |
| Klon-Bezeichnung         | [RM526]                                                                                                                                              |
| NCBI                     | <a href="#">608</a>                                                                                                                                  |
| UniProt                  | <a href="#">Q02223</a>                                                                                                                               |

|                        |                                                                            |
|------------------------|----------------------------------------------------------------------------|
| Puffer                 | 50% Glycerol/PBS with 1% BSA and 0.09% sodium azide                        |
| Reinheit               | Protein A affinity purified from an animal origin-free culture supernatant |
| Application Verdünnung | IHC: 1:100 - 1:200 dilution                                                |
