| Hersteller               | Aves Labs                                                                                                                                                                                                                        |
| Wirt                     | Gallus                                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                                       |
| Applikation              | ICC, IHC                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Mouse                                                                                                                                                                                                                            |
| Immunogen                | Fusion protein amino acids 1-133 (cytoplasmic N-terminus) of mouse VGAT (accession number O35633) produced recombinantly in E. Coli                                                                                              |
| Konjugation              | FL550                                                                                                                                                                                                                            |
| Produktbeschreibung      | Our chicken Anti-VGAT recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone L118/80. It detects mouse and rat VGAT, and is purified by affinity chromatography. It is great for use in IHC, ICC.... |
| Klonalität               | Recombinant                                                                                                                                                                                                                      |
| Konzentration            | 0.5 mg/mL                                                                                                                                                                                                                        |

|                        |                                                        |
|------------------------|--------------------------------------------------------|
| Klon-Bezeichnung       | [L118/80]                                              |
| Molekulargewicht       | 50 kDa                                                 |
| UniProt                | <a href="#">O35633</a>                                 |
| Puffer                 | 1X PBS, 0.05% Sodium Azide pH 7.4                      |
| Formulierung           | Liquid                                                 |
| Target-Kategorie       | VGAT                                                   |
| Antibody Type          | Primary Antibody                                       |
| Application Verdünnung | Dilution Range: IHC: 1:100. Dilution Range: ICC: 1:100 |
