| Hersteller               | NeoBiotechnologies                                                                                                                                                                                                                                            |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant full-length human TIGIT protein                                                                                                                                                                                                                   |
| Produktbeschreibung      | TIGIT is a checkpoint inhibitor which binds with high affinity to the poliovirus receptor (PVR), causing increased IL10 secretion, decreased IL12B secretion. TIGIT binding to PVR also causes the suppression of T cell activation by promoting the gener... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [TIGIT/3034]                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 26kDa                                                                                                                                                                                                                                                         |
| Isotyp                   | IgG2                                                                                                                                                                                                                                                          |

|              |                                                                                                                                                                              |
