| Hersteller               | Creative BioMart                                                                                                                                                                                   |
| Wirt                     | Insect                                                                                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                   |
| Molekulargewicht         | The recombinant human MAPK13/GST chimera consists of 589 amino acids and predicts a molecular mass of 68.4 kDa. It migrates as an approximately 60 kDa band in SDS-PAGE under reducing conditions. |
| Tag                      | GST                                                                                                                                                                                                |
| Quelle                   | Human                                                                                                                                                                                              |
| Reinheit                 | > 90 % as determined by SDS-PAGE                                                                                                                                                                   |
| Anwendungsbeschreibung   | For Research Use Only. Not intended for any clinical use.                                                                                                                                          |
