### Recombinant Human PVR protein, hFc-tagged CRM-PVR-620H

|                          |                                                                                                                                     |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Human PVR protein, hFc-tagged                                                                                           |
| Artikelnummer            | CRM-PVR-620H                                                                                                                        |
| Hersteller Artikelnummer | PVR-620H                                                                                                                            |
| Alternativnummer         | CRM-PVR-620H-50                                                                                                                     |
| Hersteller               | Creative BioMart                                                                                                                    |
| Wirt                     | Human                                                                                                                               |
| Kategorie                | Proteine/Peptide                                                                                                                    |
| Molekulargewicht         | The protein has a predicted MW of 61.8 kDa. Due to glycosylation, the protein migrates to 75-100 kDa based on Tris-Bis PAGE result. |
| Tag                      | Fc                                                                                                                                  |
| Quelle                   | Human                                                                                                                               |
| Reinheit                 | > 95% as determined by Tris-Bis PAGE, > 95% as determined by SEC-HPLC                                                               |
| Anwendungsbeschreibung   | For Research Use Only. Not intended for any clinical use.                                                                           |
