| Molekulargewicht         | This protein carries a polyhistidine tag at the C-terminus. The protein has a calculated MW of 39.6 kDa. The protein migrates as 55-80 kDa under reducing (R) condition (SDS-PAGE) due to glycosylation. |
| Tag                      | His                                                                                                                                                                                                      |
