## Product Datasheet

### MUC-5AC [2-12M1], Mouse IgG1, Kappa Monoclonal Antibody IMQ-IQ734R

|                          |                                                                                                        |
|--------------------------|--------------------------------------------------------------------------------------------------------|
| Artikelname              | MUC-5AC [2-12M1], Mouse IgG1, Kappa Monoclonal Antibody                                                |
| Artikelnummer            | IMQ-IQ734R                                                                                             |
| Hersteller Artikelnummer | IQ734R                                                                                                 |
| Alternativnummer         | IMQ-IQ734R-0.1                                                                                         |
| Hersteller               | ImmuQuest                                                                                              |
| Wirt                     | Mouse                                                                                                  |
| Kategorie                | Antikörper                                                                                             |
| Applikation              | ELISA, ICC, IHC, WB                                                                                    |
| Spezies Reaktivität      | Human                                                                                                  |
| Immunogen                | M1 antigens isolated from ovarian mucinous fluid of a pure endocervical type from an ALe(a-b+) patient |
| Produktbeschreibung      | MUC-5AC [2-12M1], Mouse IgG1, Kappa Monoclonal Antibody...                                             |
| Klonalität               | Monoclonal                                                                                             |
| Konzentration            | 1mg/ml                                                                                                 |
| Klon-Bezeichnung         | [2-12M1]                                                                                               |
| Isotyp                   | IgG1                                                                                                   |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/3524800 target=_blank rel=nofollow>3524800                     |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| Puffer                 | Recombinant Mouse monoclonal antibody. Purified in phosphate buffered saline containing 0.09% Sodium azide |
| Target-Kategorie       | This antibody is specific for the C-terminus of MUC-5AC                                                    |
| Application Verdünnung | Optimal antibody dilution should be determined by titration.<br>However, as a guideline try: ICC/IF: 1/100 |
