| Hersteller               | EnkiLife                                                                                                                                                                                                                                                      |
| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                   |
| Spezies Reaktivität      | Bovine                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | This ELISA kit uses the Competitive-ELISA principle. The micro ELISA plate provided in this kit has been pre-coated with Bovine LH. During the reaction, Bovine LH in the sample or standard competes with a fixed amount of Bovine LH on the solid phase ... |
| Detektionsbereich        | 370.4-30000pg/mL                                                                                                                                                                                                                                              |
| Sensitivitaet            | 129.7pg/mL                                                                                                                                                                                                                                                    |
| Proben                   | Serum,plasma and other biological fluids                                                                                                                                                                                                                      |
| Target-Kategorie         | LH                                                                                                                                                                                                                                                            |
