## Product Datasheet

### Recombinant Human TMPRSS2 Protein, N-Fc, Unconjugated BSS-BS-104247P

|                          |                                                                                                                        |
|--------------------------|------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Human TMPRSS2 Protein, N-Fc, Unconjugated                                                                  |
| Artikelnummer            | BSS-BS-104247P                                                                                                         |
| Hersteller Artikelnummer | bs-104247P                                                                                                             |
| Alternativnummer         | BSS-BS-104247P-20,BSS-BS-104247P-50                                                                                    |
| Hersteller               | Bioss                                                                                                                  |
| Kategorie                | Proteine/Peptide                                                                                                       |
| Spezies Reaktivität      | Other                                                                                                                  |
| Konjugation              | Unconjugated                                                                                                           |
| Tag                      | N-Fc                                                                                                                   |
| UniProt                  | <a href="#">O15393</a>                                                                                                 |
| Puffer                   | Lyophilized from a solution in 10mM PBS pH 7.4, 0.02% NLS, 1mM EDTA, 4% Trehalose, 1% Mannitol.                        |
| Quelle                   | Recombinant Human TMPRSS2 Protein is expressed in HEK293 with N-Fc. It contains the amino acid sequence of 256-492/492 |
| Expression System        | HEK293                                                                                                                 |
| Reinheit                 | > 90% as determined by SDS- PAGE                                                                                       |
